Crime Line

by Senior Sergeant Grindell

Considering we are well into the ski season crime and crash issues for the Wanaka Police have not been too bad over the last week.

There were only 4 arrests during the week. A 19 year old Australian was arrested at Treble Cone during the week for theft of ski equipment from the shop. Two other young males were arrested on Wednesday night for throwing a chair from a local restaurant into the Bullock Creek and a local resident was arrested for an historical theft from New World.

On the road safety side of things we escaped with only two ice related crashes reported near Wanaka. Last Tuesday evening a van carrying 7 passengers hit ice near the Larches on the Cardrona Valley Road and rolled. Luckily no one was injured but the van was written off. On Wednesday morning a hire car full of young Australian tourists slid off the road near Luggate. Again no one injured. We also received a couple of reports of ice related crashes on the Haast side of Makarora. These involved tourists from warmer climes.

At about 2.40 am on Saturday a drink driver was apprehended on Ballantyne Road. He blew 978 which is more than twice the legal limit. In recent years research on drink driving behaviour has shown that in rural areas many drivers take the risk and drive home over back roads to avoid the police. Please do not take the risk, we regularly patrol these back roads.

We had another theft reported from a local bar during the weekend. On this occasion a bag and jacket were stolen. Some of our late night bars provide coat checks, please take advantage of these facilities and reduce the opportunity for the less honest people in town.

Have a safe week.
